

## Oakridge Early Years Curriculum: Understanding the World

- Development Matters Statement
- ❖ Oakridge Statement

### **An Overview of Understanding the World:**

Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension. (*Development Matters, 2021*)

### **UW in context at Oakridge:**

A significant number of pupils who commence school at Oakridge lack life experience outside their home. For many, family life is rich and there is a great sense of community in the local area. This means that some aspects of baseline assessment, e.g.- aspects of 'People, Culture and Communities', are more likely to be in line with age related expectations than pupils starting points in 'The Natural World'.

In order for children to develop a knowledge of themselves and the world in which they live, we offer a child centred approach and learning is dependent upon children's interests.

We are very aware of the fact that many pupils have limited experiences outside their home and classroom, and therefore include topics to broaden knowledge, plus aim to plan enrichment activities throughout the EYFS. Alongside this, we are mindful that children may have developed familiarity with their local area, but often have limited experience of visiting contrasting places; Where we cannot physically address this issue we endeavour to expose children to materials that help them learn about the wider world.

Many of the Early Learning Goals within the UW section of the EYFS curriculum suggests using drawing on knowledge gained from books in class; Non-fiction texts are very much part of the make-up of our environment and we encourage pupils to engage with books as a resource to further curiosity and aid knowledge.

## Oakridge Early Years Curriculum: Understanding the World

- Development Matters Statement
- ❖ Oakridge Statement

- ❖ Identify some different materials – glass, wood, brick, fabric.
- Describe what they see, hear and feel whilst outside, making observations of the natural world and naming familiar plants and animals.
- ❖ Have an awareness of some basic concepts about caring for a pet i.e. – food, cleanliness.
- Understand the effect of changing seasons on the natural world around them.
- ❖ Describe the key features of planting and growing vegetables (Radishes)
- ❖ Explore fruit / vegetables and identify some parts i.e. – seeds, stones, skin
- ❖ Explore and experiment to find out which materials are waterproof.
- ❖ Experiment to identify objects a magnet will be attracted to and repelled against.
- ❖ Know the difference between the terms 'float' and 'sink' and identify objects that do so.
- ❖ Explain an experiment they have carried out and the reaction that was caused i.e.- 'Volcano' eruption – Bicarbonate soda and vinegar.
- ❖ Name some common types of trees, plants and flowers seen in the setting.
- ❖ Describe the different features of a tree, plant and flower e.g. bark, leaf, trunk, branches.
- ❖ Name some simple geographical features e.g.- town, seaside, beach, field, mountain, hill, cave.
- ❖ Describe the lifecycle of a caterpillar/butterfly and a chick/chicken.

## Oakridge Early Years Curriculum: Understanding the World

- Development Matters Statement
- ❖ Oakridge Statement

- ❖ Name common mini beasts, pets, farm animals, sea creatures and wild animals (African).
- ❖ Know where different animals may be found e.g. – on a farm, in the wild, in a home, underwater
- ❖ Talk about different emergency services and what their roles are.
- ❖ Use language associated with emergency services; police officer, firefighter, hose, radio, badge.
- ❖ Know their own address.
- ❖ Know the names of some of the countries children (and their families) in their class come from.
- ❖ Describe some traditional customs of a country learnt about for the Oakridge Globetrotters event.
- ❖ Describe what the weather is doing, how it may change and suitable clothing required for different types of weather / seasonal changes.

### Understanding the World - Early Learning Goals

#### **ELG: Past and Present**

Children at the expected level of development will:

- Talk about the lives of the people around them and their roles in society;
- Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class;
- Understand the past through settings, characters and events encountered in books read in class and storytelling.

#### **ELG: People, Culture and Communities**

Children at the expected level of development will:

- Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps;
- Know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class;
- Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and – when appropriate – maps.

#### **ELG: The Natural World**

Children at the expected level of development will:

- Explore the natural world around them, making observations and drawing pictures of animals and plants;
- Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class;
- Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.

### **Opportunities to support Understanding the World in Early Years:**

- Share photographs of children's homes, families, friends, pets or favourite people.
- Use props such as puppets to tell stories about diverse experiences, ensuring that negative stereotyping is avoided.
- Provide opportunities for children to share experiences and knowledge from different parts of their lives.
- Share a range of non-fiction books which present realistic representations of places around the world.
- Share stories that help children to make sense of different environments e.g. - We're going on a Lion Hunt / Lost and Found.
- Invite children and families with experiences of living in other countries to bring in photographs and objects representative of experiences.
- Display a globe and 'world map'. Highlight family connections and use EYs friendly 'map' books to look at similarities and differences in the world.
- Aid children in developing positive attitudes towards all – Challenge stereotypes through books, displays, visitors etc.
- Visit different parts of the local community, including areas where some children may be very knowledgeable, e.g. local church or mosque.
- Celebrate and find out about festivals and special occasions as a class.
- Provide role-play areas with a variety of resources reflecting diversity.
- Display photos showing all the people who make up the community of the setting.
- Share stories that reflect the diversity of children's experiences and backgrounds.
- 'Family Fortnight' - Invite people from a range of cultural backgrounds to talk about aspects of their lives and share particular skills e.g. - Mehndi.
- Provide plenty of opportunities to explore and observe the natural world.
- Provide opportunities to observe things closely through a variety of means, including magnifiers and photographs.
- Provide play maps and small world equipment for children to create their own environments.
- Ensure there are opportunities for looking at local maps, aerial view photographs (e.g. – Oakridge school website) and Google Maps.
- Plan and implement practical activities that develop skills and knowledge e.g. learning about the characteristics of liquids and solids by involving children in melting ice cubes / exploring how to keep a teddy bear dry, investigating waterproofing.
- Use the local area for exploring both the man-made and natural environment.
- Use 'Curiosity Cubes' or 'Talking Tubs' to stimulate curiosity and discussion.
- Provide opportunities to record findings by e.g. drawing, writing, making a model or photographing.
- Provide stimuli and resources for children to create simple maps, paintings and models of observations of known and imaginary landscapes.
- Provide enrichment opportunities for pupils to experience a farm, to go fruit picking, to experience animals – e.g.-wildlife parks, to meet 'People Who Help Us', to hatch Butterflies / Chicks, to travel on different modes of transport.
- Provide regular opportunities for nature walks and forest school.
- Encourage pupils to upkeep environments, e.g.- taking care of the growing areas outdoors.
- Provide a range of materials and objects to play with that work in different ways for different purposes e.g.- whisk, torch, pulleys, construction kits.
- Support children to use technologies which support learning e.g.-IPads, internet, IWB.
